

## products ranges

### Suspension Concentrates

|                                      |   |
|--------------------------------------|---|
| Voema Calmag + TE                    | NPK suspension + Ca, Mg, micro elements and amino acids   |
| Voema Starter NT <sup>®</sup>        | NPK suspension + cytokinins, auxins and amino acids specifically formulated for use during different growth periods of crops as specified |
| Voema Flower & Fruit NT <sup>®</sup> |   |
| Voema Vegetative NT <sup>®</sup>     |   |
| Boron SC                             | 130 g/l B in suspension concentrate   |
| Calcium SC Plus                      | Ca, B and Zn in suspension concentrate  |
| Manganese SC                         | 425 g/l Mn in suspension concentrate  |
| Zinc SC                              | 700 g/l Zn in suspension concentrate  |
| Quatro range                         | Exclusive Terason range   |

### Crystalline Foliar

|                        |   |
|------------------------|---|
| Easycrop               | 5:10:2 (26) + Mg, S and micro elements  |
| Easygro Calmag + TE    | 14:0:1 (15) + Ca, Mg and micro elements |
| Easygro Flower & Fruit | 3:1:6 (46) + micro elements             |
| Easygro Starter        | 2:1:2 (43) + micro elements             |
| Easygro Vegetative     | 6:1:3 (44) + micro elements             |

### Hydroponic Products

|                  |  |
|------------------|--|
| Ultra Cucumber   | A fully balanced hydroponic mix specifically formulated for crops as mentioned |
| Ultra Flower     |  |
| Ultra Strawberry |  |
| Ultra Tomato     |  |

### Kelp Products

|           |  |
|-----------|--|
| Ecklomag  | Kelp suspension concentrate                |
| Maxi-Root | 2:3:0 (10) + micro elements in a kelp base |

### Water Soluble Fertilizer

|                          |   |
|--------------------------|---|
| Ag-Foliar Flo 3:2:1 (19) | Liquid NPK + S and micro elements           |
| Liquid Boron             | 130 g/l B in a solution                     |
| Mag-Ace                  | 80 g/l Mg in a solution                     |
| Mo-Flo                   | 68 g/l Mo in a solution as a seed treatment |
| Moly Pack                | 390 g/kg Mo                                 |
| Only-K                   | 200 g/l K in a solution                     |
| PeaK                     | MKP   |
| Ultra Bor                | 170 g/kg polyborate                         |
| Ultra Cal                | Calcium nitrate                             |
| Ultra K                  | Potassium nitrate                           |
| Ultra Mag                | Magnesium nitrate                           |
| Zinc Nitrate             | 152 g/l Zn + 56 g/l N in a solution         |

### Chelated Micro Elements - Liquid

|                  |  |
|------------------|--|
| Gluco-Calcium    | 100 g/l Ca + K, B, amino acids and auxins                      |
| Gluco-Calmag + B | 76 g/l Ca; 16 g/l Mg + B and amino acids                       |
| Gluco-K          | 230 g/l K + amino acids  |
| Gluco-Mag        | 65 g/l Mg + amino acids  |
| Gluco-Zinc       | 144 g/l Zn + amino acids                                       |
| Cal-Pro          | 84 g/l Ca*   |
| Calmag-Pro       | 63 g/l Ca* + 21 g/l Mg*  |
| Combi-Pro        | Zn*, Fe*, Cu*, Mn* + B and Mo                                  |
| Cop-Pro          | 106 g/l Cu*  |
| Iron-Pro         | 74 g/l Fe*   |
| Mag-Pro          | 56 g/l Mg*   |
| Man-Pro          | 109 g/l Mn*  |
| Zinc-Pro         | 142 g/l Zn*  |
| ZMC-Pro          | Zn*, Mn*, Cu* + cytokinins and auxins<br>* amino acid chelated |
| Carbology Range  | Exclusive Terason range  |

### Chelated Micro Elements - Crystalline

|                       |  |
|-----------------------|--|
| Bozinman              | Zn, Mn (EDTA chelated) + B                       |
| Multifix              | Fe, Mn, Cu, Zn (EDTA chelated) + Mg, S, B and Mo |
| Cu 15% EDTA Chelate   | 15% Cu EDTA Chelate                              |
| Fe 13% EDTA Chelate   | 13% Fe EDTA Chelate                              |
| Mn 13% EDTA Chelate   | 13% Mn EDTA Chelate                              |
| Zinc 15% EDTA Chelate | 15% Zinc EDTA Chelate                            |

### Fungicides

|                         |                                     |
|-------------------------|-------------------------------------|
| Ag-Phos 400 SL          | 605 g/l Potassium phosphite, SL     |
| Ag-Propiconazole 250 EC | 250 g/l Propiconazole, EC           |
| Ag-Thiram 800 WP        | 800 g/kg Thiram, WP                 |
| Copflo Super            | 320 g/l Basic copper sulphate, SC   |
| Copper Clear            | 686 g/l Copper ammonium acetate, SL |
| CopStar 120 SC          | 180 g/l Copper hydroxide, SC        |
| Fighter                 | 555 g/l Potassium phosphite, SL     |
| Mancozeb 800 WP         | 800 g/kg Mancozeb, WP               |
| Pakua 450 EC            | 450 g/l Prochloraz, EC              |
| SulfoStar <sup>®</sup>  | 800 g/l Sulphur, SC                 |
| Thor 500 WP             | 500 g/kg Captan, WP                 |

### Herbicides

|                               |   |
|-------------------------------|---|
| Ag-Bentazone 480 SL           | 480 g/l Bendioxide, SL                    |
| Ag-Diuron 800 SC              | 800 g/l Diuron, SC                        |
| Ag-Fume                       | 510 g/l Metam-sodium, GE                  |
| Ag-Metribuzin 480 SC          | 480 g/l Metribuzin, SC                    |
| Herbi-Thal 480 SC             | 480 g/l Chlorthal-dimethyl, SC            |
| Muscle-Up <sup>®</sup> 360 SL | 360 g/l Glyphosate, SL                    |
| Muscle-Up <sup>®</sup> 500 SG | 500 g/kg Glyphosate, SG                   |
| Shinquat 200 SL               | 200 g/l Paraquat, SL                      |
| Weed-Off                      | 200 g/l Bendioxide + 200 g/l Atrazine, SC |

### Insecticides

|                      |   |
|----------------------|---|
| Ag-Tap 500 SP        | 500 g/kg Cartap hydrochloride, SP           |
| Demicide 250 EC      | 250 g/l Demeton-S-methyl, EC                |
| Deus 400 EC          | 400 g/l Dimethoate, EC                      |
| Moer-Tu <sup>®</sup> | 5 g/kg Methiocarb + 10 g/kg Metaldehyde, RB |
| Proxy 100 EC         | 100 g/l Pyriproxyfen, EC                    |
| Snailspray           | 120 g/l Metaldehyde + 80 g/l Carbaryl, SC   |
| Speedy RB            | 30 g/kg Metaldehyde + 20 g/kg Carbaryl, RB  |
| Vigour 310 SL        | 310 g/l Oxamyl, SL                          |

### Adjuvants

|                           |   |
|---------------------------|---|
| Aqua-Right <sup>®</sup> 3 | Buffer (pH 3), wetter/spreader, humectant and sequestering agent                      |
| Aqua-Right <sup>®</sup> 5 | Buffer (pH 5), wetter/spreader, humectant and sequestering agent                      |
| Aqua-Right <sup>®</sup> 7 | Buffer (pH 7), wetter/spreader, humectant and sequestering agent                      |
| Aqua-Stic                 | Sticker and spreader for use with insecticides and fungicides                         |
| Aqua-Wet                  | Wetting agent; improves sticking ability  |
| Power-Up                  | Liquid ammonium sulphate for use with glyphosate and sulfosate herbicides             |
| Supawett                  | A non-ionic wetter, spreader, penetrant   |
| Tenderbuff                | Buffer and acidifier  |
| ZAP                       | Penetrator/spreader from modified vegetable oil for use with sulfonyl urea herbicides |

### General

|               |  |
|---------------|--|
| Agrine        | 50 000 mg/l Chlorine dioxide sanitizer                             |
| Bubble Buster | A silicone emulsion to reduce foam                                 |
| Clean Out     | Cleansing agent for spray tanks and equipment                      |
| Hi-Lite       | A spray indicator, available in blue, black, white, green and red. |
| Stress Guard  | Plant health promoter  |
